For Outdoor Use on

“Use TANGO™ in, but not limited to, the following areas: table grape vineyards, wine grape vineyards, almond and other nut groves, citrus groves, commercial nurseries including field grown and container stock, non-bearing and bearing fruit crops, row crops, residential turf and landscapes, perimeter areas of buildings, homes, sheds kennels, barns, poultry houses, swine operations, dairies, and other areas where ants are a problem.”

For use in and around single and multi-family residential buildings; schools; institutional, commercial, and industrial facilities (including warehouses, apartments, supermarkets, restaurants, motels, hotels, hospitals, daycare facilities, food-handling/storage/processing establishments and zoos); transportation equipment, such as aircraft, trains, ships, boats, and buses; and companion animal housing.

For Indoor Use On

“Use TANGO™ to treat indoor ant infestations in these and other areas where ants are a problem: homes, restaurants, taverns, food service, hospitals, apartments, buildings, barns, poultry houses, dairies, swine operations, warehouses, food preparation and processing facilities.”

For use in and around single and multi-family residential buildings; schools; institutional, commercial, and industrial facilities (including warehouses, apartments, supermarkets, restaurants, motels, hotels, hospitals, daycare facilities, food-handling/storage/processing establishments and zoos); transportation equipment, such as aircraft, trains, ships, boats, and buses; and companion animal housing.

Not For Use On

“DO NOT apply this product in commercial nurseries and greenhouses or on sod farms. Not for use on plants being grown for sale or other commercial use, or for commercial seed production. DO NOT apply a broadcast or general surface application to interior surfaces of residential or commercial structures. DO NOT apply this product to pets or edible crops.”
